GIANTS WIN IN EIGHTEENTH

Defeat Pittsburgh, 9 to 8, in Long Game; George Kelly Hits Two Home Runs, One of Which Wins for His Team.

Pittsburgh, July 7.—New York defeated Pittsburgh today, 9 to 8, in 18 innings. Each side was guilty of numerous misplays in the field, most of which resulted in runs. Kelly, Gooch and Carey featured at the bat. Carey stole home in the third inning and reached first base nine times. Kelly hit a homer over the leftfield fence in the ninth inning, and his second homer came in the eighteenth, with a man on base, which won the game. H. H. E.

ALEXANDER HONDS BOSTON.

Cubs Meanwhile Hit Opportunity and Score 7 to 2 Victory.

Chicago, July 7.—Chicago lunched this at Frank Miller, driving him off the mound in the fourth inning, and hit Marquard opportunely winning the first game of the series with Boston, 7 to 2. Grover Alexander pitched a steady game, holding the Easterners to six hits, three of which were made by Nixon, Powell's hit and Nixon's drive over the rightfield wall saved the visitors from a shutout.

HORNSBY'S HOMER DID IT.

Gives Cardinals Second Straight Victory Over Brooklyn, 6 to 5.

St. Louis, July 7.—Roger Hornsby's home run in the ninth inning gave the Cardinals their second straight victory over Brooklyn here today, 6 to 5. Al Smith of the Cardinals hit his ninth homer of the year in the eighth. Wheat of Brooklyn also hit a homer, coming with one on in the third against Holmes. The victory for the Cardinals was the first over Vance this year. He had previously beaten them twice.

XANKS MAKE IT 3 STRAIGHT

Host Wins Tight Pitchers' Battle From Morton, 1 to 0.

New York, July 7.—New York made it three straight from Cleveland today, Hoyt winning a tight pitchers' duel from Morton, 1 to 0. Phil Ruhl's single in the first inning scored Witt, who had walked and advanced on a sacrifice, with the only run of the game. Meusel's great throw to McNally in the ninth nailed Wood at third and ended a Cleveland rally at third and ended a Cleveland rally.

ST. LOUIS AND BOSTON SPLIT

Shocker Wins First Game, 1 to 0; Burns' Homer Ends Second in 13th.

Boston, July 7.—St. Louis and Boston divided honors today. Shocker won the first game for the visitors, 1 to 0, and Burns' home run over the leftfield fence off Pratt in the thirteenth gave Boston the second game, 5 to 4. Ellerbe's single, Shocker's hunt and Berger's single in the third scored the only run of the opening game. Williams was put out of the game for questioning umpire Egan's judgment on balls and strikes. Two of the Boston runs in the second game resulted from doubles by Finch Hitters Harris and Smith.

TWO GAMES TO THE GOOD

Giants Assume Commanding Lead in Stamford Series by Winning Yesterday's Fracas, 4 to 1—Pretty Contest.

The other day Walter Trumbull asked Big Jeff Tesreau, now coaching at Dartmouth, for the name of the best man for each position he had seen on the college diamond this year and in his reply he included five members of the Holy Cross team, three of whom are with Stamford, in the outfield. Notwithstanding the rating placed on these men by this authority and also notwithstanding the fact that the Stamford outfield got eight putouts and a couple of assists and three hits, the Giants humbled the summer resorters again yesterday, 4 to 1, this being the second time in as many days that the Mr. Citsayanthia guarded village has suffered such a humiliation. This two game lead gives the Oneonta bunch a big jump on the series. All runs of the game were earned.

In years past there has been considerable criticism of the umpires at Stamford, and it has been the visiting teams which have made the complaints, but yesterday saw a change for it was the home team which "rode" the umpire. In the second, after Tupper had called a couple of high ones strikes on Simondinger, Manager Breen halted the game and, obtaining the visiting clubs permission, coaxed one Mr. Turner from the stands, but the home team volunteered the information that he had money bet for Stamford to win the game and withdrew. Then the manager tried to get some one else and finally came to Dr. Marx and asked him to officiate on the bases, the doctor declining the honor. The game continued with Tupper as sole arbiter and for the most part there was little jangling by the players throughout the remainder of the fracas.

The game was a delightful one to watch, being full of thrilling and tense moments. The only error of the entire nine innings occurred in the eighth when Alexander permitted Ruch's grounder to filter through his digits. Each pitcher made a wild pitch, that of Wittie letting in Stamford's only tally.

Len Dugan hit a hot liner in the first inning to the right of Hermann, the third sacker stretching his gloved paw across his body and spearing the sphere as it was journeying for a safe hit to the outfield. Leo Dugan and Simondinger made extra fine catches in the outfield.

Go passed and in the opening chapter, Purcell fanned and Hatch flew to center, but Hermann had better luck and drove the ball to right, the pill rolling so far that Ab, got to third on it. Alexander was passed and the Johnson City star singled, scoring Hermann. Bridwell made the third free trip to first, but McCarthy hit into a forecourt of Bridwell, temporarily ending the scoring.

After two had been tossed of with no undue effort in the fourth, Simondinger got hold of the ball and conveyed it to the auto show in right, ending his run on third, whence he scored on a low pitch by Wittie. This was Stamford's only run, although a couple of times third base was reached to them for a short time. The Giants had a two-run scoring bee in the seventh, after Wittie had died. Reid singled to the left of the third baseman into left. Purcell laid down a hard hit bunt, but the extra force in the effort proved lucky, for the fielders were all drawn away from effective positions and the Oneonta tennistennis artist was safe on first. Hatch was out on a fly ball. Hermann hit to second for an apparently easy third out, but the ball bumped in one of the numerous pebbles and bounded high over Dorothy's hat rack, both preceding base runners scoring. Hermann swiped second, where he died. This afternoon the Elmira Athletics will oppose Oneonta at Neahwa park diamond.

MCDONALD DRIVES HIS SECOND WINNER

Indiana Horse Carries Off Yesterday's Feature Event of Grand Circuit Program

(By the Associated Press.)
North Randall, Cleveland, O., July 7.—Leon McDonald, the Indianapolis reinsman, drove his second straight winner in as many days when the Great Rose, owned by T. D. Taggart Jr., of French Lick, Ind., annexed the Tavern stake purse at \$5,000, the feature event of today's grand circuit racing program. In negotiating the first mile in 2:05 1/4, the great trotter clipped one-half second from the track record for the Tavern, which was held jointly by Jeanette Rankin and Grand Chimes. McDonald was behind Jeanette Rankin when she equalled the record and won the event last year.

Emerson Blawiah, which finished second last year, also finished in that position today.
Frederick E. driven and trained by E. G. Perry, Oskaloosa, Iowa, made his debut in a grand circuit race an auspicious one by winning the 2:21 trot.
Jack Grattan, driven by Walter Cox, won the 2:06 class pace. He was the third favorite of the day to win.

WALTON BEATS UNADILLA

Lynch Unhittable With Men On Sacks and Walton Wins, 2 to 1, Although Outlit.

Lynch was invincible with men on bases and as a result Walton triumphed over Unadilla, 2 to 1, in yesterday's game at Walton. Unadilla secured one more hit than their opponents but when bingles meant runs, Lynch's offerings could not be matched by aspiring Unadilla batters. The contest was tightly played and was a pitcher's battle from start to finish. Walton earned one run. Features of the game were doubles by O'Hearn and McCullough of Walton. Lynch struck out seven men and gave no passes, while Williams fanned four and issued two free trips to the first sack.

The score by innings: R H E

SIMPLICITY MARKS POPE'S DAILY LIFE

Labors 15 Hours a Day, Sleeps Seven and Plays Two Hours; Walks Much

Rome, July 3. —(By mail) —The daily life of Pope Pius XI at the Vatican is marked by simplicity, incessant work and regular exercise. He labors from 15 to 16 hours a day; sleeps from six to seven, and plays two hours. His meals are taken while he examines his mail or gives directions to his secretaries. His day consists of a vigorous military march seven or eight times around the Vatican gardens, making five or six miles and this he does rain or shine.

His Holiness takes personal charge of the direction of the affairs of the church, assigning the routine to his secretaries. The diplomatic letters which attracted so much attention during the Geneva conference were the personal work of the holy father. He reads and delves into the rich collection of Vatican books assiduously. So insistent is he, sometimes, in seeking just the thought he wants that some of the prelates have been compelled to use a "gentle violence" in urging him, when the night has crept far on, to seek repose. His energy astonishes his papa household. Recently when it was suggested to him that he was working far too hard, Pius XI replied:

"You know that when one is made pope, life is finished. All then is in the hands of God. I will do nothing to preserve my life one day more, but I will work until God says, 'It is enough'."

POPE RISES AT 6:30.

The pope rises at 6:30 o'clock every morning and says mass in his private chapel before breakfast, which is at 8 o'clock. This meal consists of coffee with milk, bread and butter. The mail is brought in while he eats, and the pontiff divides it among his seven secretaries for attention and answer.

At 9 o'clock, Cardinal Gasparri, secretary of state, is received in the papal chamber every day except Tuesday and Friday. On Tuesday Monsignor Borgognini-Duca, the pro-secretary for extraordinary ecclesiastical affairs, is received and on Friday, Monsignor Pizzardo, the substitute secretary of state. One hour is assigned to each for the discussion of affairs.

At 10 o'clock the pope commences his private audiences, receiving cardinals, bishops, prelates, high civil personages, diplomats and nobles. These conferences last until 1 o'clock, when the public audiences begin. For an hour the holy father receives pilgrims associations and various organizations who come to Rome to pay homage to him. At 2 p. m. the master of the papal household, Monsignor Caccia-Dominione, is received and places before his holiness the list of audiences for the succeeding day and asks for their approval.

The Pope lunches usually at 2:30. While he eats alone there are several of his secretaries present to receive orders and discuss matters particularly to their charge. The Pontiff also has additional letters read to him and gives instructions for the replies. The meal is simple. His Holiness is a great lover of rice done in the Milan style. Then follow outlets, or perhaps chicken. But the Pope is not exacting, he has never been known to refuse any dish placed before him. A few vegetables and some fruit complete the meal.

A feature of the day which is never neglected is the walk. Promptly at 3:30 p. m. the Pope enters his carriage and is driven to the gardens. Here he walks five or six miles briskly. Even on this tramp there is work. His Holiness will have at his side some prelate with whom he wants to confer. He will go into full details of the matter in hand while walking and issue his instructions.

POPE RECEIVES CARDINALS.

At half-past five the Pontiff returns to the papal apartments. Audiences begin again and he receives cardinals, archbishops and other prelates in private audience. These conferences are scheduled to end at 8:30 o'clock but on occasions of importance they continue much later.

BURGULARS IN MILFORD

Blow Open Safe at Jewell & Sweet Store. Secure a Few Pennies—
News of the Village.

Milford, July 7.—Burglars broke into Jewell & Sweet's general store some time last night and blew open the safe. Two holes were bored near the combination lock and a sufficient charge inserted to blow off the door. The safe was unlocked and the burglars might have been saved all this trouble had they tried the door first. Only papers and the account books are kept in the safe and these were not disturbed.

The cash register contained a few pennies and these were taken and a few small articles from the store. A can of condensed milk was opened and partly consumed and some candy and nuts taken. The burglars evidently were after only cash, which they failed to secure.

Entrance was gained through a window in the cellar.

MRS. IRA D. TIPPLE DEAD

Well Known and Respected Elk Creek Woman Passes Away After Brief Illness; Funeral Monday Afternoon.

Schenesv, July 7.—Taken suddenly ill Tuesday with an attack of acute indigestion from the effects of which she did not rally, Grace Tipple, wife of Ira D. Tipple, died this afternoon about 5 o'clock at her home on Bad-eau hill. The cause of death was intestinal trouble. The funeral will be held at her late home Monday afternoon at 2 o'clock. Rev. Mr. Evalland, pastor of the Westford Methodist church, will officiate, and burial will be in the family plot at Elk Creek.

Mrs. Tipple was born in the town of Maryland on August 16, 1871, the daughter of George W. and Martha (Chase) Neils. Her sister, Miss Maude Neils, and the father live at Elk Creek and the mother and one brother, Saunders B. Neils, are deceased. She was married to Mr. Tipple on October 17, 1896 in Elk Creek, and he, with one daughter, Miss Frances Tipple, whose marriage to Ray Barker, a young business man in this community, occurred about a year ago, survives her.

Mrs. Tipple was a woman actively interested in her home and was identified with various outside activities. She was a member of the Elk Creek Methodist church for many years, the Elk Creek grange, Schenesev Chapter O. E. S., Wiontha Rebekah lodge, and the Woman's Benefit association of the Macabees. She was a lovable woman of gracious manners and will be missed by a large circle of friends. Sincere sympathy is extended to the bereaved family by the entire community.

Junior Chautauqua Club.

The Junior Chautauqua club held a most enthusiastic meeting on the school grounds today, about 25 youngsters and juniors being present. Six new members joined the club. Games were played and a baseball nine organized. Stories were read by the assistant leader, Mrs. James Nesbitt, and the club's Chautauqua club was practiced with Mrs. Charles Tombs as director. Each member of the club is earning the dollar necessary for a season ticket for the juniors and great interest is manifested by all.

Vegetable Compound Helped Her

Jasper, Minn.—"I saw in the paper about Lydia E. Pinkham's Vegetable Compound and took it because I was having such pains in my stomach and through my back that I could not do my work. I had tried other medicines, but none did me the good that your Vegetable Compound did. Now I am able to do all my work alone while before I had my daughter staying at home to do it. I have told a number of friends what it has done for me and give you permission to use my letter as a testimonial."—Mrs. JESSE PETERSEN, Route 1, Jasper, Minn.

There is no better reason for your trying Lydia E. Pinkham's Vegetable Compound than this—it has helped other women. So if you suffer from displacements, irregularities, backache, nervousness, or are passing through the Change of Life remember this splendid medicine. What it did for Mrs. Petersen it may do for you.

A SYSTEM OF SIGNALS.

The matter of proper signaling by drivers of autos has often been discussed, and it is no doubt truthfully asserted that there are many accidents which could be prevented if only there were a well developed code which everybody could understand. The matter has of late been taken up by Colliers', the widely-known national weekly, with a view to establishing the magazine, in order to perfect these hand rules for car movement, secured the cooperation of Dr. John A. Harris, special county police commissioner of New York city, in charge of traffic, and through his assistance a code has been perfected which if generally adopted will unquestionably make automobile driving far less dangerous than at present.

The system, which is plain and comprehensible, will be found to minimize the chances of confusion. Intelligent drivers will understand the signals at a glance and never forget them. Others can be taught in little time. And when everybody understands there will be a decided diminution in the number of common accidents. There are, Dr. Harris asserts, only five necessary signals, and these are suggested as follows:

1. To signal your intention to turn to the left—Extend the arm and point the first finger to the left.
2. To signal your intention to turn to the right—Flex the left arm upward at the elbow and point the first finger to the right.
3. To signal your intention to Stop—Extend the arm with the back of your hand to the rear of the car.
4. To signal your intention to back up—Extend the arm with the palm of the hand to the rear of the car, and motion in a backward direction.
5. To signal your intention to turn completely around—Circle the arm and hand three times forward to indicate a turn to be made to the right, and circle three times backward to indicate an intention to make the turn to the left.

There is no need to include here a "come forward and pass me" signal. This is universally made by motioning the hand in a forward direction from the elbow and wrist. It is a gesture that everyone learns in the nursery, and is plainly understood all over the country.

This system with some additions is the one which any driver has already worked out for himself. It is natural and instinctive and has in its favor the fact that the signals are not arbitrary, but in every instance are suggestive of the contemplated act. They are easily learned and while their use is of course at this time optional, there is reason to hope that eventually they will be embraced in a code of rules which will be come a part of the legal traffic regulations of the state.

Not a few owners of cars in Oneonta have gone carefully over this list and they have in practically every instance given it their approval. Law or not, and whether compulsory or merely suggestive they deserve to have the consideration of every driver of a car, and also his obedience. They will do more than any single thing to reduce the danger attendant upon the use of automobiles.

DEALING IN FIGURES.

A commissioner of one of the departments of the federal government has lately been at the pulpit and cost, the latter borne by the United States treasury, to prepare, print and circulate a little document which tells among other things just how many miles the commissioner has traveled during the past year, how many people he has addressed, how many letters he—or his department—has answered, how many personal interviews have been given and so on to weariness if not to infinity.

A certain amount of interest can be extracted from these figures just as doubtless a certain number of grains of wheat can be regained from a barn full of chaff, but there are those who believe that the expenditure of such information was altogether out of proportion to the value of it which it attained. The money appropriated, they believe should have been spent in doing things not in mere enumeration. The government at Washington can more clearly demonstrate the value of some of its bureaucratic subdivisions in a catalogue of genuine accomplishment.

Badeau Family Reunion.

The eleventh annual reunion of the Badeau family was held at the Elk Creek grange hall Saturday, July 1. There were thirty members present among them being Mrs. Mary Stinson of Westford, James A. Badeau of Sidney and Gibson Badeau of Elk Creek who are the oldest surviving members of the family.

A bountiful and delicious dinner was served after which a business meeting was held. The report for the year was read by Miss Frances Skinner and a pleasing musical program was furnished by Miss Harrietta Paul of Laurens and Mrs. Harold Ball of Oneonta. The officers elected were Gibson Badeau president and Herman Paulsen of Laurens, secretary and treasurer.

After singing "God Be With You Till We Meet Again" adjournment was taken to the last Saturday in June.

Judge Gladding's Estate.

The will of the late Justice Albert F. Gladding of Norwich shows an estate of \$145,000. No public or charitable bequests are made and the entire estate goes to his wife, three daughters and a son. The share of the latter, however, remains as a trust fund with Ralph Brown of Oneonta.

England is a Hurry.

Indian bearers complain that had the expedition not been in such haste, the summit of Mount Everest could have been scaled. It is interesting to know on who accuses the English of being in a hurry.—[Utica Dispatch]

Never Worth While.

It is always worth while to observe the national holiday, and to celebrate it in a befitting manner but it never has been worth while to celebrate it in such way as to kill or injure anybody or to destroy property. Why for so many years celebrations were permitted of the Fourth of July in which the youth and children of the land suffered such wholesale casualties, is one of the things that we wonder at now in these days of almost complete freedom from these distressing occurrences.—[Utica Dispatch]

Firework Casualties.

Every year's Fourth of July goes by with less racket and injury. It took a long time for the authorities to realize the senselessness of the custom of placing fire powder and dynamite in the hands of children in order to have a fitting celebration of the nation's birthday. Hundreds of lives have been saved in the past few years. In 1921, the Fourth of July death total amounted to 466 and the list of nonfatal injuries ran up to 3,983 in the United States, as far as could be learned from incomplete reports. In 1921 the number of dead was 32 and of injured 1,131. There should not be a single death or a single case of blindness or other injury from fireworks.—[Wilkes-Barre Record.]

The Model Landlord.

One rent reduction doesn't make a millionaires, but the fact that such a thing has happened somewhere in New York is worthy of recording. After all these long weary months of steady increases in rents when the only relief has been upward it is encouraging to hear that a Brooklyn landlord has actually sent notices to his tenants that their rents will be immediately reduced from 10 to 15 per cent.—[New York Sun]

Is Law an Exact Science.

Members of the bar are increasingly being quoted in observations about the rules of evidence and procedure in terms that laymen have often thought, but hesitated to press. Addressing the Maryland Bar association, Sherman L. Whipple, of Boston, said most of the concealments which the law now justifies exist purely by reason of precedent and tradition. It is plain he said, that the effect of the rule under which certain kinds of evidence are excluded is to promote the business of the lawyers.—[Exchange]

Two Mighty Mountains.

By measuring Mount Le Conte in Tennessee and ascertaining its height to be 6,590 feet the Geodetic Survey has put an end to a dispute which has been carried on vigorously between the citizens of Tennessee and those of North Carolina. The old North State possesses as one of its distinctions Mount Mitchell, 6,611 feet in altitude, the highest mountain east of the Rockies. Tennessee has asserted that Mount Le Conte topped Mount Mitchell and has backed its contention with enthusiasm.—[New York Herald]

Breaking Up the Mary Powell.

Workmen in the employ of John A. Fisher of Kingston are breaking up the Hudson river steamer Mary Powell for junk. The Powell was built in 1861 and last year was owned by the Hudson River Day Line which in 1921 sold it to John A. Fisher who had it towed to Rondout creek to be broken up. The Mary Powell was known for its graceful lines and high speed. The boat was for years in command of Capt. A. Anderson who was succeeded by his son. On Aug. 7, 1921 the Mary Powell ran from New York to Poughkeepsie 73 miles in three hours 12 minutes, running time an average of almost 3 miles an hour. The original hull built in 1861 was 200 feet long, 4 1/2 feet beam and 10 feet depth of hold. In 1871 the hull was lengthened to 300 feet over all. The paddle wheels were 31 feet in diameter. The wheel had 26 buckets and a dip of three and one half feet. The vessel had a gross tonnage of 98, net tonnage 87.

Many in Oneonta recall the Mary Powell and the trips which they made upon this queen of Hudson river steamships in her best days.

Hunt Family Reunion.

The second annual reunion of the Hunt family was held at the home of Mr. and Mrs. Aylton Meade at Hartwick Seminary, July 4. At noon about 30 people of a delicious repast to which all old and young guests were present from Maryland, New York, New Jersey and New England. During the afternoon out of sports were the main feature of the program.

At the business meeting it was decided that the reunion next year will be held at the home of Irving Hunt at Worcester, the date to be decided later.

Officers elected are as follows: President—Irving Hunt. Vice president—Mora Fuller. Secretary—Edith McLean. Treasurer—Minnie Eckler.

INVESTIGATING OTSEGO

County Has Excellent Chance of Securing Health Demonstration, Milbank Fund Representative Estimates—Eleven Counties Under Consideration

Paul C. Wilson of New York city was in Oneonta the last three days gathering statistics and facts about Otsego county to be used in determining whether this county, or another of eleven other counties under consideration, will secure the five-year health demonstration to be conducted by the State Committee on Tuberculosis and Public Health in some rural county with the appropriation provided by the Milbank Memorial fund. Acting as statistician for the technical board of the fund, which will close this month the county for the demonstration Mr. Wilson spent practically all of his time in collecting cold figures and facts for his report in which he was aided by Miss Marie Goulet, executive secretary of the Otsego county Tuberculosis committee. He continued on his investigating tour yesterday to visit eight other counties having previously been in Cattaraugus, Saratoga and Ontario counties. No public meeting was held since Mr. Wilson stated that his task had no relation to enthusiasm displayed for the demonstration.

Mr. Wilson stated that Otsego county has an excellent chance of securing the demonstration was intimated indirectly by Mr. Wilson in conversation with various officials actively engaged in health work in the county. The population requirements for the rural county to be picked for this demonstration are from 40,000 to 90,000, and Otsego county's population being only 46,200 it is understood that the county might stand a better chance if an effort was made to have the demonstration conducted in Otsego and Delaware counties jointly, the population of the two counties combined being 89,000. Otsego has the fourth lowest population of the 12 counties Mr. Wilson is investigating.

Otsego county has the lowest death rate from tuberculosis of any of the 12 counties under consideration and this fact might also react against the selection of Otsego for the demonstration since an average county is held at 100 deaths per 100,000 population. The fact that Otsego has this record, however, is high commendation for the results obtained by the tuberculosis prevention work which has been carried on by the county tuberculosis committee. It is likewise pointed out that the high tuberculosis death rate in Otsego is a mark even lower than the present rate with only its rate of 100 deaths per 100,000 population. The fact that the death rate can be lowered by a concrete comprehensive program of education and prevention.

After his arrival in Oneonta on Wednesday Mr. Wilson conferred with Dr. George W. Augustin, health officer and obtained necessary data regarding Otsego. He then visited the Tuberculosis Sanatorium at Mt. Vernon and conferred there with Dr. P. L. Winsor and Miss Anna Sweeney, head nurse. Thursday he spent in Cooperstown seeing Harris L. Cooke, vice-chairman of the County Tuberculosis committee. Mrs. Hazel Foster, lady of the Society for the Prevention of Cruelty to Children, Dr. Floyd Atwell, health officer and visiting the Susan L. Lawrence Cooper Foundation and the Mary Imogene Bassett hospital.

Yesterday Mr. Wilson conferred with Charles Smith of the Tuberculosis committee. Miss Kathie McRobertson, Red Cross nurse and visited the Fox Memorial hospital in company with Dr. Augustin and Miss Goulet.

WILL TOUR CONTINENT

Mr. and Mrs. M. C. Hemstreet and son, Marcus, Will Sail Thursday for France

Mr. and Mrs. M. C. Hemstreet of this city will leave on Wednesday next for New York city, and on the following day will sail at 2 p. m. from pier 74, North River, via the French liner LaBourdonnais for Havre, which port will be their first stopping place of an extensive journey through Europe. Their itinerary, though they are not on a personally conducted tour, has been carefully arranged through the American Railway Express company, and Mr. Hemstreet anticipates a very pleasant journey with the minimum of discomfort and with every convenience by land and sea looked after.

From Havre, Mr. Hemstreet and family go to Paris where they remain for eight days. Two days will be spent on the battle fields of France, after which they go to Switzerland, Interlaken and Luzerne are cities and the Jungfrau is one of the mountains to be visited during their eight days' stay. Later they will visit Strasbourg where Hon. William J. P. Ke, formerly an Oneonta boy, is now consul general. Then after they visit Brussels, the Hague and Amsterdam, and they will spend twelve days in England. Their return trip will probably be on the Canard line.

A feature of the trip which the younger member of the party keenly anticipates is a visit with Andrea Barre, a French boy of his own age residing at Angers, a city about 200 miles southwest of Paris with whom during much of his high school course he has corresponded for mutual benefit. The French lad has been apprised of their coming and it is expected will be the guest of the Hemstreets during their sojourn in France. The many friends of Mr. and Mrs. Hemstreet and their son will wish them good voyage and later a safe return to "that dear America."

Time to Cease Bickering.

Editor Star: Yesterday Managers Marx and Moore urged that in future games the visiting team should select the umpire to judge the games. As a result Mr. League officiated here. No good sport would claim that his decisions were partial or his intentions insincere.

Mr. Bird of Sidney judged at the plate. Every true lover of the game knows that Clarence Bird's name is synonymous with honesty and fairness. This should demonstrate to the most rabid fan that the local management desires to remove the question of biased umpiring from the home games. Excellent baseball is being played by both teams the players are settling down to business and it now remains for some of the spectators to cease their unwarranted criticism and unparliamentary conduct.

Covered Oval Baker 8-in. x 14-in. Baking and Serving Dish

When an Onion is not an Onion!

BAKE onions in the new Pyrex Covered Oval Baker and you will declare they deserve a more enticing name.

PYREX

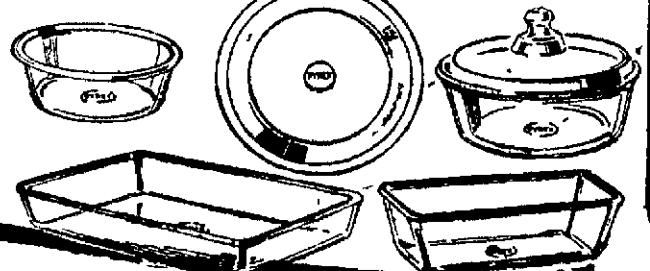

The Original Transparent Ovenware

This is only one of many delightful uses of the Pyrex two-in-one baking and serving dish. The top and bottom are really separate dishes for general use. Put them together and you have a baker that works wonders with many foods.

Pyrex lessens the work of the busy woman, and not only bakes all foods better, but serves them on the table hot and unmussed, without leaving any crusty pans in the sink to be scoured. Pyrex will not break from oven heat.

Every dealer who sells cooking utensils has Pyrex, or can get it for you.

ELMIRA TODAY'S ATTRACTION

Giants Will Oppose Famous Athletics at Neahwa Park This Afternoon — Schedule for Next Week.

Two years ago the Elmira Athletics refused to play Oneonta because, in their opinion we did not have a strong enough team. Last year negotiations also failed. This year games were scheduled and the series is now on. On June 18, the Giants administered an 8 to 4 defeat to the Athletics at their home city by way of showing them just how strong teams Oneonta turn out. The second game of the series is scheduled for Neahwa park at 3:30 this afternoon, and Bridwell is expecting that his men will give the Elmira team another lesson in the gentle art of scoring runs.

Elmira is represented by a strong aggregation with nearly every man possessed of league experience. Three pitchers, all of high calibre, are carried. Mills, who pitched one game for Unadilla this year and who has been a mainstay of the Utica Kaysees, is with the Athletics now. He is a son of William G. Mills, who pitched at one time for the Oneonta Normal team and who later went with the New York Giants. Yorkston, another twirler came from the Boston and Philadelphia Americans, and Jordan was recently acquired from the Buffalo International league team. Practically every other member of the team has seen some service in the minors.

On Sunday the Giants will play the D. & H. Generals at Watervliet. On Monday the Brooklyn Royal Giants, one of the best colored teams on the road, will play here. On Tuesday the men will enjoy a vacation and on Wednesday will tackle Norwich at that city. The Brooklyn Giants will play here again Thursday and on Friday the Giants will try to make it three straight from Stamford at Neahwa park. On Saturday the Bonackers of Albany will be seen here, and on Sunday, July 16th, the Athletics will be played again at Elmira.

Wilber National Bank.

This bank publishes in another column the 248th government report of its condition. For nearly half a century it has been closely identified with the business interests of Oneonta and vicinity. Very largely on account of its original safe, sound and conservative business policy and by paying a fair, but not excessive rate of interest, which rate has always been maintained, its deposits are today over three and one-quarter millions, and a surplus and profits of over half a million dollars, making it the largest and strongest bank in Otsego, Delaware, Chenango and Schoharie counties. D. & H. Company to Close Portion of Oneonta Shops

Rumor That Company Officials Have Determined to Permanently Close Locomotive Department of Local Shops Confirmed Last Night by Superintendent of Motive Power, George S. Edmonds — Car and Coach Department Not Included — Will Board Up These Shop Buildings Today and Commence Removing Equipment—Means Loss of 175 Men to City.

For several days the rumor has been current about the city that the D. & H. company has decided since its shop employees here joined in the strike, to close the locomotive department of the Oneonta shops indefinitely and remove the machinery and equipment in that department elsewhere, presumably to Colonie, where the more extensive locomotive shops of the company are located. While Master Mechanic Donnellan confirmed the rumor that such a step was being considered by the company, and stated that this company officials had been a certain part of the locomotive work in Oneonta for years largely from sentimental reasons and to accommodate a considerable number of old employees who preferred to remain in this city, he could not confirm the report that such action had been decided upon. Rumors at such times are not considered good news.

Last evening, George S. Edmonds, new superintendent of motive power and in charge of all the shops of the company, was in the city, and he confirmed the rumor. He was, as usual, very reticent about talking relative to the matter but when pressed to make some statement relative to the situation here and to the decision to close the locomotive shops at the plant of the company here, he authorized the following statement:

"Regrettable as are the conditions obtaining, they present singular opportunities for careful studies as to the elimination of non-essential positions, also possible transfer of work with a view of ultimate increased efficiency of the department as a whole. "My visit this evening, in part, is to survey the machines in our local back shop, with a view of possible later transfer to other locations. The windows of the locomotive shops are to be promptly boarded up and the positions of employees normally working therein abolished."

When questioned relative to the future of the car and coach department, Mr. Edmonds was absolutely non-committal and nothing could be learned about the future of those departments.

Star readers are quite generally aware that when the big shops at Colonie were erected the heavy and larger part of the locomotive repair work was removed to that plant and only the lighter work and round-house repairs work left in Oneonta. Since that time there has been talk current that the company was con-

sidering removing all the locomotive work there. It is evident that the strike has resulted in action at this time.

While nothing could be secured from either Mr. Edmonds or Mr. Donnellan last night, there is a belief current about the city that high officials in the company are disappointed at the action of old employees here who personally have no particular grievance against the company, in leaving their posts.

It was pointed out by one who has been closely watching the progress of the strike that the real grievance has been the action of certain roads in farming out shop work, which many shopmen have held was aimed at the destruction of their organization and not so particularly the wages it is proposed to pay workmen in the shops. It was said that the D. & H. company has not attempted any step of that kind but the rather has endeavored to treat its men fairly and to recognize their organizations. The result has been that the D. & H. company has fared no better than those roads which have fanned out their shop work to private firms.

This, it has been suggested, has been a keen disappointment to company officials. With no good reason for leaving any part of the locomotive shops here other than consideration for the men engaged thereon, and with good reasons based on economy of operation who the work should be done at Colonie, the present is considered an opportune time to make the transfer and eliminate the positions held by the old employees here. This is the best reason that it has been possible to secure for the proposed action.

Its Probable Effect.

If the company persists in its determination to close the locomotive part of the local shops and do the work elsewhere, it will result in about 175 of 180 less men being employed at the shops here.

It will be hoped by residents of the city generally that a settlement of the strike will speedily result and while this will not necessarily mean the continuation of the locomotive work here, it will at least postpone here that the remembrance of the good will and cordial feeling that has always existed between the D. & H. management and Oneonta city will inspire a reconsideration of the decision announced and the continuance of all departments of the Oneonta shops.

NORMAL LINE HEARING TODAY

Second Hearing Before Commissioner Blakelee at Binghamton. Opportunity of Discontinuance of Line Expected to Present Evidence on Cost of Rebuilding the Line.

The adjourned hearing on the application of the Southern New York railway for approval of its determination to discontinue the Normal line in this city will be held before Public Service Commissioner Blakelee at his rooms in the People's Trust company building in Binghamton this morning at 10 o'clock.

It is expected that the evidence prepared by both sides will all be presented before the hearing is closed today. The final decision, it is expected, will be made after the hearing. Blakelee has reported to the other members of the commission and by the vote of the full commission.

The adjournment to today was taken at the request of Hon. George L. Rockes, representing those opposed to the discontinuance of the line, who desired to have an engineer other than those employed by the company estimate the cost of rebuilding the line in a manner that will permit its continued operation. These figures, it is expected, will be presented today and the final submission made.

Those who represented the city at the first hearing are expected to attend today and possibly others. The question that will be difficult to adjust is the apparent clash between what is considered justice to the company by its stockholders and officers and what those desiring the continued operation of the line believe to be justice to the public.

Hello, Children!

Just a short heart to heart talk with my several thousand so called children. I know how a lot of children think that they know more than their dads, won't take advice, start up fool hill and get awful tumbles. I know how my 12 good, able and experienced dads have steered you away from the fool hill road and unselfishly helped you to safely reach the good to the tune of several million dollars and without thought or hope of pay for services. They have unselfishly given brains, time and experience in building a live and let live road, that children and inexperienced people can travel and not get tumbles, and this little heart to heart talk is to make you see that you should tell the foolish ones about my safe and pleasant road. I'm doing the same kind of work that churches and schools are doing and if you let this little child see it and get busy you'll have a lot of heart aches. TWENTY-ONE VICTORIES

Giants Have Lost But Nine Out of Thirty Games—White and Scanlon Tied for Twirling Honors.

If anyone doubts that Oneonta has a real ball club they have but to look at the record of games won and lost to be convinced that Bridwell's men are a fast aggregation of ball tossers and can hold their own with any outfit in this neck of the woods. To date 30 games have been played of which the Giants have won 21 and lost but 9, a percentage of 700. Five of these defeats were by one score only and two went into extra innings. Unadilla is responsible for four of the defeats and is the only club to have won more than one game from the Giants. Numbered among the victors of Bridwell's bunch are some of the fastest semi-pro teams in the state. Oneonta has piled up 172 runs to 98 for its opponents.

Scanlon and White are tied for pitching honors with seven victories and one defeat each. Thomas has turned in five wins and has lost three games. Snyder has two wins and three defeats on his record. Herschler participated in but one game, which he lost to Unadilla by one score.

Fishing Trip to Newfoundland.

Harry D. Wheeler, Kenneth W. Goldthwaite and Dan Franklin leave today for Big Lake, Newfoundland, where they will spend a month fishing. They will go by motor to either Boston or Portland and from there by train to North Sydney. From North Sydney they proceed by steamer across Cabot Strait to Port au Basque, Newfoundland, and then by train to Deer Lake. From Deer Lake they will go up the Humber river by canoe to Big Lake. Salmon abound in that region and the men are expecting to make heavy catches.

With Eyes on Oneonta Normal.

BOY SCOUT CAMP PLANNED

Councillors Discuss Arrangements for Annual Scout Outing—H. C. Getman and Donald Grant Elected to Council.

Preliminary plans for a Boy Scout camp this summer were laid at a meeting yesterday afternoon of the Boy Scout council and George L. Rockes was appointed chairman of a committee to make the necessary arrangements and to act with Scout Commissioner Biederman in the carrying out of the plans. The camp will probably be held at the same site as in 1920 along Goodyear lake, on the property of J. G. Hoyt, president of the council.

Herbert C. Getman and Donald Grant were elected members of the Scout council to fill the vacancies created by removal from the city of Wilbur H. Lynch and M. V. Beckstedt. A troop organization committee and court of honor appointed by the council consists of M. G. Keenan, H. C. Getman, Donald Grant, Lee D. Van Woert, and Charles J. Beams. The finance committee, composed of LaVerne P. Butts and B. H. Morris, was re-appointed.

Encouraging support being given the Boy Scout movement by the Rotary club and the American Legion was reported at the meeting, although Scout Commissioner Biederman stated that more men are needed to assist in the leadership of troops and that there are fully 100 boys anxious to join the Boy Scouts who cannot be accepted as members until scoutmasters are provided. President Hoyt presided at yesterday's meeting, which was attended by a goodly number of the councillors.

SAIL TUESDAY FOR ALASKA

Dr. and Mrs. Arthur W. Cutler Leave Today for New York City and Thence Embark for Two Months of Travel.

Dr. and Mrs. Arthur W. Cutler leave Oneonta today for New York city, from which they sail on Tuesday on the Pacific Mail steamship, Santa Anna, for a trip south through the Panama canal and thence to San Francisco. In the latter city they will remain for four days and then proceed to Vancouver, from which city they sail for Alaska. The length of the stay in the far north is not fully determined, but it will be sufficiently long to permit Dr. and Mrs. Cutler to see the sights of the country.

Returning they will retrace their water trip to Vancouver and thence through the Canadian Rockies to Duluth. From the latter city they will proceed through the Great Lakes to Buffalo, a sail which has many attractive features and which both Dr. and Mrs. Cutler have long anticipated. They expect to reach Oneonta again about September 15.

The trip is taken for rest and recuperation largely. Dr. Cutler in addition to his extensive surgical work, has a large family practice which coupled with the frequent calls in consultation in the vicinity, makes his work arduous. The journey will give him one of keenest enjoyment. That he will return thoroughly rested and much benefited by the long period of rest is the wish of many patients and friends.

During his absence Dr. Charles R. Marsh will be acting surgeon for the D. & H. company and he will also care for much of the surgical work at the Fox hospital usually performed by Dr. Cutler.

Delegate from A. M. E. Church.

Earl Anderson will represent the Anna Memorial A. M. E. church at the state Christian Endeavor society convention which opens a four-day session at Kalulah Temple in Binghamton on Tuesday next.

Faller & Company Fails With Five Million Dollar Liabilities; War-rant Out for E. D. Dier

New York, July 6. — District Attorney Banton's office today began a sweeping investigation into the financial transactions of E. M. Faller & company, stockbrokers, who failed June 26 with liabilities of \$5,000,000, while process servers sought Elmore D. Dier, head of E. D. Dier and company, another brokerage firm which failed, with warrants for his arrest on indictments charging bucketing of orders and grand larceny.

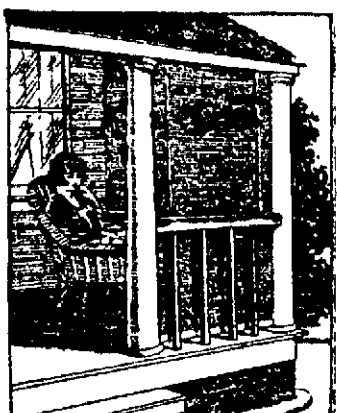

Subpoenas were issued today for several brokers with whom the Faller company did business. The books of the company, ordinarily needed in the grand jury action, are not available because a stipulation was made when they were turned over to the receiver that they would not be used for a prosecution.

RUTH WHITEMAN WEDS

Popular Worcester Girl is Bride of William Gillaspie of East Worcester—Couple to Reside in Ilion.

Worcester, July 7.—A very pretty wedding took place at the home of Mr. and Mrs. Fred M. Whiteman of Worcester, Thursday afternoon, at 3 o'clock, when their daughter, Ruth M., became the bride of William A. Gillaspie of East Worcester.

The ceremony was performed under a bridal arch of trailing evergreens by Rev. Leon J. Davis, pastor of the First Baptist church of Fort Plain, and the couple were attended by Miss Ruth S. Lincoln of Worcester as maid of honor and Maynard B. Skinner of Oneonta as best man. The bride was very prettily and attractively gowned in white georgette crepe, and carried a bouquet of bride's roses. Her traveling suit was of blue tricotine. The maid of honor wore a dress of white georgette crepe combined with white satin and carried pink roses.

Following the ceremony a delicious wedding breakfast was served under the capable direction of Mrs. Margaret Poland of East Worcester. The house and tables were very prettily decorated with ferns and pink roses. About 35 friends and relatives gathered, to pay their respects to the bride and groom who are popular young people of this vicinity. Later in the day they left for a wedding trip to Norwich, after which they will make their home in Ilion.

Gifts to the bride included sets of dishes, cut glass, silver, pyrex ware, linen, aluminum and one hundred dollars in gold. Many friends and relatives from out of town were present among whom were: Mr. and Mrs. Lyman Wright of Norwich; Mr. and Mrs. Arthur Thurber, Mr. and Mrs. L. A. Thurber, Mrs. Anna M. Gillaspie, and Mr. and Mrs. Leroy Wright, all of East Worcester; Mr. and Mrs. Cyrus Gordon of Cobleskill; Mr. and Mrs. H. S. Thurber of Richmondville; Mr. and Mrs. Floyd Wright, Westford; Mr. and Mrs. Jesse Tyler of Westford; Mr. and Mrs. Van White-man of Westford; Mr. and Mrs. Loren Mead of Lutherville; Mr. and Mrs. S. J. Lape of Lutherville; Mr. and Mrs. L. J. Davis and daughter, Margaret, of Fort Plain; Mr. and Mrs. Snyder of Decatur and Herbert Thurber of Richmondville.

Both young people are very well known in this vicinity and have hosts of friends who join in wishing a long and happy wedded life.

MRS. DICKINSON AT REST

Respected Oneonta Woman Laid Away With Fraternal Honors.

A large gathering made up of relatives and friends and fraternity sisters of the deceased was present at the funeral services held yesterday afternoon for the late Mrs. Benjamin W. Dickinson, at the family home, 44 Elm street. The house was filled with mourners, and as an additional evidence of the esteem in which Mrs. Dickinson was held, the casket was surrounded with beautiful floral pieces.

Rev. Dr. B. M. Johns had charge of the services and delivered a thoughtful funeral sermon, taking for his text, "And He Took With Him Peter, James and John." His remarks were such as to prove of much comfort to the sorrowing relatives and were very fitting.

After the services at the house, the body was taken to the Plains cemetery for burial, with Fred Murdock, Clifford Beach, Sherman Stone, E. Terry, J. Henry Potter and James Van Deusen, all members of the I. O. O. F., acting as bearers. The service at the grave was in charge of the Past Noble Grand's association, of which Mrs. Dickinson was a member, and the ritual was exemplified in an impressive manner.

Among the floral tributes, in addition to those from neighbors and friends, were beautiful pieces from the local Odd Fellows and Rebekahs, the Past Noble Grand's association, the Baraca class of the Main Street Baptist church, of which Mrs. Dickinson was a member, and the city marketmen.

Those present at the funeral from out of the city were Mrs. Robert Harkness of Kew Gardens, L. I., Mrs. Grace Hopkins and daughter, Doris, of Gloversville; Mr. and Mrs. Herbert Whitaker of Binghamton and Miss Grace Stone of Cooperstown.

Celebrates 85th Birthday With Picnic

Abner Walling of 22 Division street celebrated his 85th birthday on Thursday by entertaining 35 relatives and friends, several of them over 80 years old, at a picnic at Neahwa park. Following a substantial dinner the afternoon was spent in reminiscence and pleasant conversation. Mr. Walling was the recipient of many gifts as tokens of the esteem in which the venerable old gentleman is held.
